EXPERIENCE

Pioneer Natural Resources

Las Colinas, Texas

Drilling Engineering Intern

May 2020 – Aug. 2020

- Worked extensively with Excel, Spotfire and Well View programs
- Goal of summer project was to evaluate and compare reliability, performance, and cost benefits between Rotary Steerable System (RSS) drilling tools in 8-1/2" vs 6 3/4" lateral hole sections
- Interviewed Pioneer and other E&P operating companies' engineers, evaluated RSS tool provider's failure rates, and provided the company with findings and recommendations in a final presentation
- Executed extensive research on offset data

Hart to Heart Landscape Construction

DFW, Texas

Owner/Manager

May 2021 – Jan. 2022

- Learned how to bid different types of work, implement an excel pricing structure, manage material logistics including: purchase, transport, and disposal, and follow city ordinances
- Managed a 2–5-person work crew
- Worked on outdoor drain installation, rockwork/stone patio installation, outdoor deck and fence construction, as well as yard maintenance
- Rebranded Irving Boys Lawn to a more professional title during the transition from yard maintenance to landscape construction

Irving Boys Lawn and Landscape/Mechanics

Irving, Texas

Owner/Manager

June 2016 – Apr. 2020

- Networked to gain clients, invested in equipment, and worked with customers
- Cultivated mechanic skills while fixing blowers, mowers and weed eaters
- Learned problem resolution handling customers and employee relations; managed 5 employees
- Learned money management and resale through buying, repairing, and selling broken equipment

Fowlkes Norman and Associates

Fort Worth, Texas

Mechanic

May 2018 – Jan. 2020

- Worked in irrigation, construction, landscape, and mechanics
- Focused on small engine repair, irrigation, diesel mechanic work, plant health and care, and welding
- Worked with large machinery including tractors and power tools
