EDUCATION

Texas A&M University

Bachelor of Petroleum Engineering
Minor in Business

College Station, Texas

Candidate – May 2022
GPA: 3.1

James E Taylor High School

2017

Katy, Texas Graduated

GPA: 3.9

Achievements: National Honor Society; Academic All-State; 3 years Varsity Football letterman; 3 years track and field

PROFESSIONAL EXPERIENCE

Burk royalty

Field Operations Internship – 11 weeks

East Texas

June 2021 – August 2021

- Spent 2 weeks assisting in identify, assessing, and pumping wells in a newly acquired field.
- Worked as a pumper in East Texas, running a pumping route and a saltwater injection facility.
- Responsible for gauging tanks, measuring oil, water, and gas production, coordinating with water and oil haulers, monitoring and adjusting gas injection, maintaining field equipment, and operating and maintaining a saltwater injection facility.
- Worked as a company representative, overseeing workover operations.

Merit Energy

Field Operations Internship

Sublette, Kansas

May 2019 – August 2019

- Worked as a pumper for 7 weeks running 2 different routes. Was responsible for gauging tanks, gas meter readings, coordinating water & oil hauling, reading injection rates in waterfloods, and maintenance on pump jacks and other field equipment.
- Spent 2 weeks on other various field operations; foam fracs, workovers, ESP installation, perforation jobs, wireline logging, fishing jobs, and staking of a new well.
- Spent 1 week on a drilling site; spent time shadowing the company man, tool pusher, mud engineer, and geo steering techs, along with time to observe daily operations.

Jefferies Investment Bank

Energy Sector Internship – 1 week

Houston, Texas

Summer 2018

- Shadowed engineers and geologists on the technical team, and leaders on the financial team as they worked through evaluating oil and gas assets.

VOLUNTEERING & ORGANIZATIONS

Society of Petroleum Engineers, Member

2018 - Present

Young life, Camp Counselor & Ropes Course Instructor

Summer 2018

Houston Rodeo Junior Rodeo Committee, Volunteer 25+ hours

Spring 2017

RELEVANT COURSEWORK, SKILLS & INTERESTS

Relevant Coursework: Accounting, Finance, Management, Business Law, Business Information Systems, Petroleum Project Evaluation, Well Testing, Petroleum Production systems, Production Engineering, Reservoir Simulation, Reservoir Modeling, Drilling Engineering, and Petroleum Entrepreneurship

Skills: Excel, PowerPoint, Word, & CMG

Interests: Saltwater and fly fishing, hunting, duck hunting, hiking, and woodworking
