

# Luis Gracian

Objective: Reservoir Engineering

(936) 230 – 0191  
Lgracian99@tamu.edu

---

## EDUCATION

**Texas A&M University** - College Station, Texas  
*Bachelor of Science in Petroleum Engineering* | **GPA: 2.9/4.0**

Dec 2022

---

## HONORS

- First place on technical presentation for Texas A&M Energy Research Society Energy Conference. December 3, 2021

---

## WORK EXPERIENCE

### Rock Flow Dynamics May 2022 – Present

*Reservoir Engineer Intern (40 hours/ week)*

- Use tNavigator software to develop reservoir models to simulate carbon capture usage and storage (CCUS) and enhanced oil recovery (EOR).
- Work with oil and gas companies to build their reservoir models.

### Latshaw Drilling May 2021 – Aug 2021

*Floorhand (84 hours/ week)*

- Assembled connections of drill pipe and collars to drill a well with a crew of 5 people on an oil rig. Drilled 3 directional wells during my 3 hitches. Each with a measured depth of 20,000 ft.
- Maintained and cleaned the Oil rig.
- Assisted in the installation of casing and cementing of drilled wells.
- Operated hoist and forklift to move heavy objects.
- Worked with the company man to calculate amount of cement needed for each casing

### Texas A&M Transportation Services Jun 2020 – February 2021

*Bus Driver (15 hours/ week)*

- Responsible for operating a commercial bus and driving people to destinations on campus and off campus.

### LandPoint - The Woodlands, Texas May 2019 – August 2019

*Land Surveyor (50 hours/ week)*

- Located property boundary rods by using a magnetic locator so that utilities could install gas, water, and electricity lines for commercial and residential development.
- Marked the lines with flags and paint in a team of three to ensure proper placement of Utilities.

---

## LEADERSHIP

### Texas A&M Corps of Cadets August 2018 – May 2022

*Training officer (elected)*

- Supervised development of 18 freshmen, 13 sophomores, and 8 Juniors by helping them establish training plans.
- And lead regular workouts for the whole outfit.
- Mentored and trained freshman, sophomores, and juniors struggling physical performance.

### Big Event March 2018 – Present

- Volunteered in cleaning resident homes, painted houses, cleaned yards and gutters of homes

### Aggieland Saturday February 8, 2020

- Assisted parents and prospective students travel through campus. Giving them a campus tour and historical background of the university.

---

## SKILLS

- tNavigator
- Bilingual (Fluent in Spanish speak, read, and write.)
- OSHA 10 hour certified
- AutoCAD certified
- CMG
- Python
