## SUMMARY

---

Petroleum Engineering and Petroleum Ventures Program student seeking a full time engineering position to continue working and learning in the upstream and midstream oil and gas industry after I graduate in May 2024.

## EDUCATION

---

<b>Texas A&amp;M University</b>		College Station, Tx
College of Engineering	Bachelor of Science in Petroleum Engineering	<b>May 2024</b>
Mays Business School	Certificate: Petroleum Ventures Program	
Major GPA: 2.7 / 4.0		

## EXPERIENCE

---

**Lewis Energy Group – Midstream Engineering Intern, Encinal, Tx** **June 2023 - August 2023**

- Modeled and designed a water pipeline to dispose of 20 wells produced water saving roughly \$5.4MM
- Automated the data entry process for daily volumetric excel calculations saving office personnel 10 hours per month
- Shadowed different midstream operations to facilitate a hands on learning experience about pipelines and facilities operations, installation, and functions
- Spent the day with drilling and completion teams witnessing drilling, wireline perforations, and fracturing processes

**Spearpoint Resources Company – Production Engineering Intern, Houston, Tx** **June 2022 - August 2022**

- Created a budget and acquired equipment/services for office expansion project
- Created a historical database containing completion data, production data, and reservoir characteristics from operators and public sources to determine methods to increase oil production and decrease water production and give recommendations
- Analyzed and valued company assets in preparation for a company acquisition, (M&A)

**Thornton's Gymnastics Center – Advanced Team/Recreation Coach, League City, Tx** **July 2017 - August 2021**

- Responsible for the fun and well-being of a group up to 15 kids from ages 4-16
- Coordinate with other coaches to create a schedule to maximize the kids fun and productivity while keeping them engaged
- Stay up to date on newest safety rules and procedure updated by USA Gymnastics
- Communicate with parents about their child's overall progress and behavior if needed

**HWY 155 Cattle Co. – Property Manager, Palestine, Tx** **January 2015 - August 2021**

- Provide for 60 head of cattle and maintain 275 acres of pasture and forest
- Collect data and keep records of the cattle and retrieve data when needed
- Substantial use of heavy machinery (bulldozer, backhoe, tractor) and experience in machine repairs welding, torch cutting

## LEADERSHIP AND INVOLVEMENT

---

**Aggie Club of Engineers (ACE)**

**President, External Vice President, Songfest Chair, Service Committee Member** **September 2019 - Present**

- Promoted a sense of community and leadership within the 100+ member organization
- Facilitated all social, professional, academic, and leadership activities by communicating with the other 10 officers
- Served as the spokesperson and official representative for ACE to the school and general public
- Managed an estimated \$20,000 of ACE official budget and philanthropy donations.
- Co-created a group performance for the largest greek philanthropy event at Texas A&M with a sorority three times
- Co-coordinator for one of our largest charity events, Cooking for Hope, to raise money for a veterans care center called Camp Hope that provides veterans with PTSD with resources to adjust to civilian life

**Texas A&M University Fish Camp – Counselor** **June 2021 – May 2022**

- Ambassador for the largest orientation organization in the country
- Communicate and coordinate with Director staff, Counselors, and Freshmen to effectively and efficiently run activities

## ADDITIONAL INFORMATION
