EXPERIENCE

Dodson Farms, Petronila TX — Farm Hand

June 2023 - August 2023

Served as a Farm hand, mechanic, and machine operator over the past summer. Drove machinery, repaired what's broken, and worked all day everyday.

3-B Farms, Bishop TX — Farm Hand

June 2019 - August 2022

Grew up helping my uncle on his farm. Every summer between my highschool years. Drove machinery, learned the basics, worked as a team.

EDUCATION

Texas A&M University , College Station TX — Petroleum Engineering

August 2022 - PRESENT

Currently a sophomore at Texas A&M University. Enrolled in the Harold Vance Department of Petroleum Engineering.

Bishop High School, Bishop TX— High school Diploma

August 2019 - May 2022

Graduated number four in my class out of 160. AP and Honors student, as well as a member of the National Honors Society.

Career Objective

Enthusiastic Student with leadership and multitasking skills. My goal as a professional and future Petroleum Engineer is to work as hard as possible to get the job done, all while learning everything I can about my industry and the company I work for. I am looking to become an exceptional employee to help my company and my family, and hope to one day run or start my own entrepreneurial company.

SKILLS

Working Knowledge in Python Programming.

Exceptional understanding of Engineering subjects.

Adaptability to work in any environment. Quick Learner.

Strong work ethic to get the job done.

HOBBIES

Hunting, Fishing, and anything outdoors.

Staying fit, going to the gym, running, and working out.

Learning new things, increasing my personal knowledge.

Learning about God and getting closer to him.

CURRENT GPA

Last Semester : 4.0

Current Accumulative : 3.921
