Summary:

A student studying petroleum engineering with the goal of becoming a production engineer after graduation. Looking for an opportunity to develop professional skills in a work setting.

Education:

- Currently a Junior earning B.S for petroleum engineering at Texas A&M University
- Overall GPA of 3.8, expecting to graduate in May 2025

Work History:

- Stillhouse Hollow Marina: April 2021 to August 2021
 - Developed people skills through service to others.
 - Learned how to work and interact in a professional setting.
 - Maintained and managed a business myself on solo shifts
 - Had to multitask, performing services for several people at once.
 - Dealt with large quantities of money through their boat rental service, upwards of \$1000 per boat slip
- DoorDash Driver: May 2022 to August 2022
 - Planned ahead in my work.
 - Became self-reliant without constant instruction.
 - Dealt with crisis situations and learned the value of improvisation.

Activities:

- TAMU Mens Rugby Club
 - Played for 6 years (started in H.S.)
 - Helped former treasurer balance club budget in spare time
 - Spend at least 15 hours a week participating in club activities
