PROFESSIONAL EXPERIENCE

Engineering for Kids - Teacher

Master and Junior level teacher

Shenandoah, Texas

May 2024 – August 2024

- Managed a classroom of 15 students and led them in physics-based projects. Implemented the engineering design process to establish confidence in their work
- Contributed to a network of teachers and established relations to help further the development of the business
- Encouraged students to return in the next week which caused a 30% increase in the size of classes throughout the summer which led to a revenue increase of \$1,500

Marble Slab - Team Member

Front and Back of House

The Woodlands, Texas

May 2022 – August 2023

- Assisted customers, created a friendly environment, and averaged \$350-500 in sales per shift and earning 17% in tips
- Contributed to a clean and organized back of house and assisted in the production of orders for online retailers as well as the preparation of supplies and menu items for upcoming shifts

Summer Camp - Counselor

Teacher and Counselor Lead

Spring, Texas

May 2021 – August 2023

- Managed a preschool class with an emphasis in theater arts and mentored an intern throughout the summer
- Taught a classroom of 20 children over the course of the camp and maintained an energetic atmosphere for all children to allow for creativity and participation

LEADERSHIP & INVOLVEMENT

Progressively Reaching Excellence in Professionalism (PREP)

Public Relations Executive

College Station, Texas

September 2023 – Present

- Managed social outreach for PREP which includes merchandise, advertisements, social media, and all social relations leading to fall recruitment and throughout the academic year
- Grew the Instagram to ~1000 followers during recruitment period for the upcoming freshman class
- Coordinated the annual FLO soccer tournament with over 150 participants to establish stronger relationships between the classes and freshman organizations

Society of Petroleum Engineers

Service Committee Member

College Station, Texas

August 2023 – Present

- Participated in company seminars and workshops to enhance technical knowledge and professional development skills
- Attended the sophomore retreat and created professional relationships while increasing my oil and gas industry knowledge
- Supported the College Station and Bryan community by volunteering in organized service events

American Association of Drilling Engineers

Student Member

College Station, Texas

August 2024 – Present

- Contributed to professional development by engaging in networking opportunities with industry peers
- Collaborated with fellow petroleum engineers in activities and opportunities to strengthen relationships

Co-Author – Research Paper

Senior Student Intern

The Woodlands, Texas

September 2022 – August 2023

- Worked alongside a Harvard Graduate Student in a paper, currently under review to be published in an academic journal, over the topic of Spaceflight Associated Neuro-Ocular Syndrome (SANS)
- Mentored by Dr. Joshua Ong in AP Research Paper and the SANS Academic Paper
