Professional Summary

Ambitious junior petroleum engineering student at Texas A&M University, eager to secure an internship that fosters practical skills and enhances critical thinking. Proven ability to apply theoretical knowledge in real-world scenarios, contributing effectively to team projects. Strong analytical skills and a commitment to continuous learning drive the pursuit of industry experience.

Skills

- Ability to work under pressure
- MS Office
- Fast learner
- Communication
- Ability to work in a team
- Complex problem-solving abilities
- Time management
- Team leadership
- Strong work ethic
- Number-savvy

Relevant Experience

Qatar Petrochemical Company (QAPCO) |
Doha, Qatar

Process Engineering Intern
06/2024 - 08/2024

- Learned about safety protocols, operational processes, and quality control measures within the plant.
- Facilitated knowledge-sharing sessions among interns, fostering a collaborative and learning-focused environment.
- Engaged in supporting the analysis of engineering processes related to petrochemical production.
- Enhanced team collaboration by designing and implementing a shared online workspace for project documentation.
- I studied corrections from senior engineers to learn and grow professionally.
- Documented and developed engineering procedures and processes.
- Monitored and evaluated engineering performance to recommend improvements.

American School Of Doha | Doha, Qatar

Teaching Assistant
08/2021 - 05/2022

- Volunteered time and effort to assist children aged 7-9 in improving their football skills
- Portrayed effective communication skills as well as efficient collaboration with co-workers
- Embraced a leadership role as well as teamwork through exercises, drills, and initiatives
- Evaluated student performance through regular assessments, tracking progress and adjusting instructional strategies as needed

Education

Texas A&M University | College Station, TX
Bachelor of Science in Petroleum Engineering
Expected in 12/2026

Certifications

Completion of Level 1 Certification from the International Well Control Forum

Languages

- English, Native or Bilingual
- Arabic, Native or Bilingual

Activities and Honors

- Participated in the Joe B.Foster '56 Student Paper Contest, a competition in which students presents technical papers or research projects in an oral and visual form before both their peers and a panel of experts.

Hobbies and Interests

- Traveling
- Fitness
- Technology
- Volunteering
- Team sports
