Education

Texas A&M University, College Station, TX May 2025
Master of Engineering in Petroleum Engineering (GPA: 3.9)

Lebanese American University, Byblos, Lebanon May 2020
Bachelor of Engineering in Petroleum Engineering (GPA:3.2)

Experience

Petroleum Supply Specialist July 2021 - Dec 2024
US Army, USA

- Supervised and organized reception of two million gallons of petroleum products.
- Issued more than a million gallons of fuel and maintained a state of readiness at all times.
- Analyzed fuel consumption trends and operational data to reduce waste and ensure readiness.
- Led a team of five soldiers in efficient and safe distribution of petroleum products.
- Provided regular briefings and reports to senior leadership on fuel operations status.
- Mentored and trained junior personnel, improving technical knowledge and capabilities.
- Performed presidential services by handling fuel issued to presidential aircrafts.

Assistant in Engineering Lab and Research Center Sep 2017 - May 2020
Lebanese American University, Beirut, Lebanon

- Directed the setup and maintenance of engineering equipment for multiple concurrent research projects, ensuring efficient use of resources and timely completion.
- Coordinated with faculty and students to ensure smooth communication of lab procedures.
- Proposed and implemented a system for tracking lab inventory, ensuring better resource allocation and reducing material wastage by 15%.

Engineering Intern July 2019 - Sep 2019
Denholm Yam Contracting Company, Abu Dhabi, UAE

- Collaborated with multidisciplinary teams of engineers and field technicians to improve Sulphate Reduction Plant (SRP) designs.
- Prepared and presented reports to senior engineers detailing results of field visits and data analysis.

Professional Development and Awards

- URTeC June 2025
Influence of In-Situ Stresses on Production Decline in Haynesville Shale Gas Wells.
- Army Commendation Medal (ARCOM) Award. Sep 2024
- Army Achievement Medal (AAM) Award. Nov 2021
- Certificates earned from LinkedIn Learning: June 2021
 1. Master Microsoft Word and Excel.
 2. Master Solid-Works.
 3. Critical Thinking for Better Judgment and Decision Making.

Relevant skills

- Software Proficiency: MS Word, MS Excel, MS PowerPoint, ComboCurve, ERA, Prosper (Well System Analysis), SolidWorks, MBAL, KAPPA.
- Teamwork & Leadership: Team-oriented, experienced team leader, lead multiple tasks efficiently.
- Communication: Strong written and verbal communication skills.
- Language skills: English (fluent), Arabic (fluent).
