Mobolaji Shonde

mobolaji7@tamu.edu | (346)-308-0539 | Missouri City TX, 77459

EDUCATION

Texas A&M University — College Station, TX
Current Major: Petroleum Engineering — Aug 2022 – Present
Expected Graduation: December 2026 — GPA: 2.85

SKILLS

Tools & Technologies: Excel (Advanced), Tableau | XLOOKUP, PivotTables, IF statements

Analytics: Data analysis, data cleaning, visualizing data, storytelling with data, A/B testing, dashboard design

EXPERIENCE

SETLD | Data Analyst Intern — *Pearland, TX* — May 2025 – Aug 2025

- Researched and analyzed petroleum industry news, contracts, discoveries, and M&A activity to identify trends in reserves, production, and project developments.
- Recorded and organized findings in a proprietary database, ensuring accuracy and consistency for business intelligence use.
- Evaluated energy assets using reserves, production, and financial data to support decision making.
- Collaborated with GIS analysts to digitize new assets and areas, improving accessibility of data.
- Provided recommendations to enhance data quality, classification, and performance metrics for improved analytics and reporting.

The Global Career Accelerator | *Excel & Tableau Trainee* | Remote — Aug 2024 – Dec 2024

- Uses data analytics to identify trends, generate insights, and develop data-driven solutions to address real-world challenges, while also enhancing decision-making processes and optimizing outcomes.
- Conducted data analysis using Excel, including functions, PivotTables, and visualizations.
- Created visualizations, interactive dashboards, and reports using Tableau Software.
- Analyzed A/B test results and produced data-driven business recommendations.
- Aggregated unstructured data from multiple sources to streamline data analysis.
- Collaborated with a diverse global team to complete tasks and deliver timely and accurate projects.

PROJECTS

Grammy.com Project | https://www.credential.net/0e776397-37d3-4e5a-8882-0f48ee08ac76 — Completed Oct 2024

- Conducted data analysis for two websites owned by The Recording Academy providing data driven insights into audience engagement and evaluating business metrics and KPIs
- Communicated data driven recommendations and performance insights using data visualizations.

INVOLVEMENT

Society of Petroleum Engineers — Current Member

12th Grade Soccer Team — Houston, TX
Captain of the Varsity team — Dec 2021 – April 2022

- Provided emotional support and maintained team morale during games by effectively managing stress and encouraging a positive attitude among teammates.
- Coordinated and led weekly training sessions, ensuring structured practice schedules and fostering team cohesion (5 Hour Weekly Practices)

Houston Food Bank — Apr 2019 – April 2019

- Distributed around 425,000 pounds of food into loading systems.
