EDUCATION

Texas A&M University — **College Station, Texas**
Master of Science in Finance — *May 2029*
Mays Business School — *Cumulative GPA: In Progress*

Texas A&M University — **College Station, Texas**
Bachelor of Science in Petroleum Engineering — *May 2028*
College of Engineering — *Cumulative GPA: 3.43/4.00*

PROFESSIONAL EXPERIENCE

Department of Petroleum Engineering — **College Station, Texas**
Research Assistant — *May 2025 – December 2025*

- Coordinated development of a 6.5 ft tall research drilling rig utilizing SolidWorks to test performance of 3D printed drill bits
- Applied structural and deflection calculations using Excel to ensure system stability and operational safety
- Engineered a sample-holding apparatus capable of securely supporting a 1,200-pound sample, designing custom sliding guide rails and locking mechanisms that enabled safe, efficient removal for examination and testing

Property Management — **College Station, Texas**
Owner/Landlord — *August 2023 – Present*

- Manage rental finances using Excel to track $20,000 of income, taxes, HOA dues, and operating expenses annually
- Oversee leasing by running credit and background checks on potential renters, digital and cash rent collection, and advertising via Snapchat and Facebook for a 4x4 residential property maintaining 100% occupancy over the past three years
- Coordinate maintenance and repairs of building HVAC system by researching and comparing vendor quotes, ratings, and response times, ensuring all outages and equipment failures are addressed within a 24-hour window to minimize disruption

In-N-Out — **Escondido, California**
Trainer/Cashier — *December 2020 – August 2023*

- Performed 20 hours of work per week in rotating roles including fry cook, cashier, produce prep, overseeing customer transactions, and training new hires, while coordinating with management to balance schedule around academic deadlines
- Contributed to store record of serving 72 drive-thru cars in 30 minutes, delivering a service 44% faster than average, by prepping extra produce and ingredients ahead of the rush to eliminate processing delays during peak demand
- Trained 4-6 new employees on operations of food prep, sanitation, and POS systems, along with customer service including greeting standards and order accuracy; fostering positive environment through hands-on demonstration

LEADERSHIP & INVOLVEMENT

Texas A&M Water Polo — **College Station, Texas**
Coach — *August 2024 – December 2024*

- Developed and implemented training programs for athletes three days a week, two hours per day, focusing on ball control, shooting accuracy, and agility in water, resulting in winning conference championship and attending nationals tournament
- Fostered a positive and competitive environment by organizing friendly scrimmages, providing 1-on-1 mentoring, and setting clear goals for individuals and the team that encouraged player growth and camaraderie

Boy Scouts of America — **Escondido, California**
Eagle Scout — *September 2016 – August 2022*

- Achieved highest rank, demonstrating leadership, dedication, and commitment to community service through the completion of service project to build shelving units benefiting Classical Academy High School; earned over 45 merit badges in first aid, communications, family life, and other items, showcasing a commitment to personal growth and skill development
- Coordinating with ~40 scouts to plan five meetings per month and a monthly campout; collaborated on projects and activities such as knot tying completions, plant identification, and fire starting in preparation for the National Scout Jamboree
