(832) 581-5808 | Spring, Texas 77379 | Reid.sessions@gmail.com | www.linkedin.com/in/reidsessions

EDUCATION

Texas A&M University — **College Station, TX**
B.S. in Petroleum Engineering, Petroleum Ventures Program — May 2027
GPA: **3.4**

Lone Star College — **Houston, TX**
*Associates in Science & Technology *while attending high school* — August 2021 – May 2024
GPA: **3.7**

PROFESSIONAL EXPERIENCE

Tala Energy, LLC | Assent Energy Partners, LLC — **College Station, TX**
Production & Reserves Engineering Intern — May 2026 – August 2026

- Supervised onsite field operations involving coil tubing, swabbing, slickline and workovers.
- Assisted reserves evaluation project by creating calculations from operated, non-operated, and oil production statements for import into PHDWin
- Reviewed MSAs and COIs for 60+ vendors to verify required insurance coverage and maintain up to date compliance
- Created wellbore schematics in Excel for 4 wells by interpreting workover reports and organizing key completion and downhole equipment details
- Digitized and organized 19,000+ land, lease, and well files

Patriot Drilling Services — **Houston, TX**
Directional Drilling Operations Co-Op Intern — June 2023 – January 2026

- Assisted the command center in plotting 500+ plats, filing 1500+ documents to the Texas Railroad Commission and software management consisting of MWD applications
- Collaborated with directional drillers and MWD engineers on Lewis Rig 36 and gained understanding of drilling, monitoring and troubleshooting drilling in the curve and lateral phases of a well
- Created VBA-Excel sheets and data mined over 1,000 motor runs from key performance reports from companies such as ConocoPhillips, Marathon, Baytex, Lewis, and Rockcliff
- Engineered a code in Python to create a torque and drag performance report from rig EDR data to support future operational decision making

New Century Exploration, Inc. — **Spring, TX**
Landman/ Geology Intern — May 2022 – December 2022

- Researched titles on various prospects to determine correct mineral owners looking through over 500 documents dating back to 1820
- Created maps of tracts, Excel spreadsheets of lineage, and lease purchase reports
- Worked with geologists on a wireline and gained an introductory understanding of the logging process and reading logs
- Assisted an engineer on 4 well visits gaining an introductory understanding of flaring, fracing, drilling mud, and fishing

LEADERSHIP & INVOLVEMENT

Society of Petroleum Engineers (SPE) — **College Station, TX**
Director of Sporting Clays Tournament Committee — August 2024 – Present

- Raised over $8,500 for SPE by connecting with industry professionals for sponsorship of the Sporting Clays Tournament
- Led a networking event connecting students with over 7 companies by creating a team of 4 people to manage location, materials needed for the Sporting Clays Tournament, food, prizes and all other logistics of the event
- Counselor at the 2025 SPE sophomore retreat and worked with sophomores to develop their technical skills and resumes

Lone Star Chrisitan Students Club — **Houston, TX**
Treasurer — August 2023 – May 2024

Collaborated with club officers and members to allocate funds effectively, aligning with the club's goals and priorities

- Conducted research and prepared presentations to lead weekly group discussions
- Managed a budget of over $1,500 for club activities, ensuring accurate tracking and reporting of all financial transactions
- Contributed to the growth of the club from 10 members to over 100 active members over two semesters

HONORS & AWARDS

Distinguished Student Award Recipient — August 2025 – December 2025
3.5+ GPA with 18 hour engineering course load

Pam & Bill Hannes '81 Award Recipient — August 2025 – May 2027
Academic Scholarship

SKILLS & HOBBIES

Skills: Basic PHDWin (Ver. 3), WellDrive, Basic ComboCurve, Enverus (Courthouse 2.0), Innova's Wellseeker
Hobbies: Fishing, Hunting,Sporting Clays, Golf, Astros Baseball, TAMU Football, Game Development, and Geodes
