EDUCATION

Texas A&M University — **College Station, Texas**
Bachelor of Science in Petroleum Engineering — ***May 2028***
College of Engineering — ***Cumulative GPA: 3.50***

Relevant Coursework: Drilling Systems | Reservoir Petrophysics | Petroleum Engineering Thermodynamics | Transport Processes in Petroleum Production* | Reservoir Fluids* | Geology of Petroleum*
**In Progress*

PROFESSIONAL EXPERIENCE

Quick Roofing — **Mansfield, Texas**
Project Manager Intern — *May 2025 – August 2025*

- Independently managed over 40 residential roofing projects, coordinating crews of 5-20 roofers and overseeing 4-6 projects per week
- Coordinated material deliveries and supply needs while monitoring crew safety and communicating project progress with homeowners and sales representatives
- Inspected roofs and attics before and after installation to document property conditions, identify leaks or damage, and verify completed work
- Responded to weather, property damage, and jobsite issues in real time, coordinating crews to protect homes and keep projects on schedule

Pappadeaux Seafood Kitchen — **Bedford, Texas**
Server — *May 2026 – August 2026*

- Managed multiple guest tables simultaneously in a high-volume restaurant environment, coordinating with kitchen and service staff to maintain efficient service
- Communicated directly with guests to resolve service issues and accommodate requests while maintaining accuracy under time pressure

Camp Thurman — **Pantego, Texas**
Counselor — *Summers 2021 - 2024*

- Supervised groups of 10-15 campers aged 4-13 for 8 hours daily, ensuring a safe, organized, and engaged environment
- Returned for four consecutive summers, assuming responsibility for camper supervision, conflict resolution, and communication with staff and families

LEADERSHIP & INVOLVEMENT

Sigma Alpha Epsilon Fraternity — **Texas A&M University**
Member — *January 2025 – Present*

- Selected as sole chapter representative for Alpha Chi Omega's Mr. Alpha Chi philanthropy competition, 2025, contributing to multiple fundraising events that raised over $35,000 supporting domestic violence awareness
- Collaborated with a 20-member team to construct SAE's 100 x 50 ft site for Chilifest, using construction plans, power tools, and measurements to ensure structural stability for 700+ visitors during the 35,000+ attendee festival

Society of Petroleum Engineers — **Texas A&M University**
Member — *January 2026 – Present*

- Participated in industry workshops and professional networking events focused on petroleum engineering and energy careers

HONORS, ACTIVITIES, INTERESTS & SKILLS
